| | | | marilee@paindiagnosis.net |

Breakfast Buddies Teams and Individuals will be called upon for their services only when the Breakfast Team needs additional assistance beyond what their normal team can provide. The person who is heading up the breakfast planning should contact a Breakfast Buddies Team where you need the help.

Set-up Teams will set up the tables and chairs for breakfast on Saturday. Wash tabletops. Put out the tablecloths, and basic equipment used for breakfast. Fill the coffee pots and get them ready to be plugged in on Sunday morning. There will be two or three persons on a team. It takes about an hour or less to perform these tasks.

Take-Down Teams will assist the Breakfast Group in removing breakfast items from the Commons following the second service breakfast. Bundle up the dirty tablecloths. Return the tables and chairs to storage. Sweep and wet mop the Commons and Kitchen floors as needed. There will be two or three persons on a team. It takes about an hour or less to perform these tasks.

Dish Washing Teams will be responsible for washing dishes, running the sanitizer, and putting the dried dishes away. We need two or three persons on this team. Dish washing is needed following both breakfasts on Sunday.
